Student Assistance Teams in Place

ISD has begun a new process that is designed to help catch students who are in need of assistance or who are at risk. Student Assistance Teams (SATs) have been formed and trained in accordance with the Indiana Department of Education. Two teams have been formed and consist of representatives from Education, Student Life, Health Center, and Outreach departments. The teams have received over 12 hours of training and will continue to serve for one to two years. The teams meet weekly for one hour to accept SAT referrals and discuss intervention plans. SAT referrals are made by teachers or other staff working directly with students who notice that a student may not be functioning to the best of his or her ability. The goal of an SAT referral is to develop a plan to remove barriers which interfere with student learning.

All departments within Education, Student Life and Outreach have received training and an introduction to the SAT process. A video taped ASL presentation (with spoken English translation) of the SAT process is available from department supervisors for staff who may have missed their department training. Questions or suggestions for the SAT Teams may be addressed to David Geeslin or Terri Motter, the two team leaders.

The Outreach Department would especially like to thank all of the SAT Team members who have participated in the training and subsequently contributed to the development of the SAT process at ISD: *Lynda Burke, Nurse; Jeff Richards, Mental Health Counselor; Harriet Hoffman, Student Life; Pat Johnson, Student Life; Sharon Mealka, Preschool teacher; Kathleen Robertson, AEP Representative; Jerry Thixton, Supervising Teacher; Terri Motter, School Psychologist; David Geeslin, Language Specialist; Pamela Haring, Supervising Teacher; Sue Jones, AEP Representative; Kathy Smith, Teacher; Jackie McBroom, Teacher; Melinda Yocum, Student Life Representative; Dee Granger, Student Life Representative; Ruth Asher-Lynch, Counselor; and Sandra Ertel, Nurse.*

The SAT training process was a very rich and rewarding experience for all who participated. It represents another process that was truly participatory in nature and included a diverse representation of staff from various departments as well as from various life experiences and cultural backgrounds. This diversity and respect for each others views will only continue to support our students by showing our respect for their diverse cultural and family backgrounds as we strive to support them in an effort to provide the best education possible. *(Cindy Lawrence)*

Tech Prep Presentation

The Tech Prep students are working on a project which relates to the work that they have done over the last year focusing on the problem of drunk driving. On Tuesday, April 15, at 9:00 AM they will put a drunk driver on trial. The trial will take place in the auditorium.

Admission for this presentation will be one can of food per person, which will be donated to the Salvation Army Eastside Ministry. Ticket information and posters will be placed around campus over the next two weeks. These posters will explain how to obtain a ticket. *(Sharon Baker)*

Upcoming In-Services

Telling Tales in ASL: From Literature to Literacy

This live, interactive Videoconference will be shown on April 18 at Ivy Tech from 12:00 - 2:30 PM in the auditorium of the new Tech Center. **NOTE THE CHANGE IN TIME FROM THE LAST BULLETIN.**

The conference will include:

- What is ASL literature?
- What are its unique features?
- The genres of ASL Literature from prose to poetry.
- What can a teacher not fluent in ASL do to bring ASL literature into the classroom?
- Tips for analyzing style and meaning.
- Using ASL literature to teach English.

You will have the opportunity to see story telling techniques, classroom application of ASL storytelling, observe a workshop on ASL literature for students of different age and grade levels and participate by calling in your questions and having them answered by the distinguished panel.

The auditorium seats 90 people so reservations will be on a first come first serve basis. If you plan on attending the teleconference, send you name to the Staff Development office as soon as possible.

Dan Stutler and Jim Frenchik will make a presentation to **Preschool** on Brain Compatibility on March 17 and 18th from 3:00 - 4:00 in the Multi-Purpose Room

On March 20, Marilyn Ogan and Vicky Gately will lead an informal discussion on the CHARGE Syndrome for the **Preschool** and **Elementary** departments. They will meet in the Preschool gym from 3:15 - 4:00 PM.

Middle School and High School will have an inservice on Portfolios on March 20 in the Library from 3:15 - 4:00 PM. Glenda Zmijewski will lead the discussion.

Campus Beautification

At the beginning of the school year, the LRC began a campus beautification project by asking individuals, families, departments and/or pods to adopt a flower bed. Eleven flower beds were adopted by various groups but we still have 25 beds that need someone to give them some tender loving care. If you would be interested in being part of the team that makes ISD look beautiful, contact the Staff Development office for more information.

Enrollment Figures

Checking back through this year's issues of the *Campus Bulletin*, I found that our enrollment has remained fairly stable this year. Our total enrollment as of March 12 is 291 students.

The following data compare the totals, by department, from the first report on October 11 to their current totals as of March 12. The chart which follows shows our enrollment at various points this year.

Preschool 27;34
Elementary 99;96

Middle School 59;64
High School 98;97

See you next time!!

The next "Campus Bulletin" will be distributed on Thursday, March 27. If you have items that you want to submit, please send them to Jim Frenchik in LRC by Monday, March 24.
